

In light of the risks and uncertainties inherent in all projected operational matters, the inclusion of forward-looking statements in this Form 10-K, should not be regarded as a representation by us or any other person that any of our objectives or plans will be achieved or that any of our operating expectations will be realized. Our revenues and results of operations are difficult to forecast and could differ materially from those projected in the forward-looking statements contained in this Form 10-K, as a result of certain risks and uncertainties including, but not limited to, our business reliance on third parties to provide us with technology, our ability to integrate and manage acquired technology, assets, companies and personnel, changes in market condition, the volatile and intensely competitive environment in the business sectors in which we operate, rapid technological change, and our dependence on key and scarce employees in a competitive market for skilled personnel. These factors should not be considered exhaustive; we undertake no obligation to release publicly the results of any future revisions we may make to forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

PART I

Except for historical information, this report contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Such forward-looking statements involve risks and uncertainties, including, among other things, statements regarding our business strategy, future revenues and anticipated costs and expenses. Such forward-looking statements include, among others, those statements including the words "expects," "anticipates," "intends," "believes" and similar language. Our actual results may differ significantly from those projected in the forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in the section "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations." You are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date of this report. We undertake no obligation to publicly release any revisions to the forward-looking statements or reflect events or circumstances taking place after the date of this document.

Business Overview

We do not currently have sufficient capital to conduct the present or proposed business activities described below. The costs to operate our business are approximately \$115,000 per month. In order for us to cover our monthly operating expenses, we must generate revenues of approximately \$175,000 per month. Accordingly, in the absence of revenues, we must secure \$115,000 in equity or debt capital each month to cover our overhead expenses. In order to remain in business for one year without any revenues, we must secure \$1,380,000 in equity or debt capital. If we are unsuccessful in securing sufficient capital or revenues, we will be unable to continue any business activities. We have not obtained any commitments for additional capital, and we may not be able to obtain any additional capital on terms not unfavorable to us, if at all.

From March 2005 to October 2007, we were primarily engaged in providing telecommunications services to our customers employing Voice over Internet Protocol (VoIP) technology. In October 2007, we sold substantially all of our assets utilized in that business. Prior to 2005, we were a website development company.
